

Design System — Unified Document Management Platform

Extracted from the promotional card/poster. A reusable visual brief for future projects that want this same clean, green, trustworthy vibe.

Color Palette

Primary Greens

Swatch	Name	Hex	Use
	Deep Forest	#004228	Primary brand color — headlines accent word (“Platform”), icon strokes, illustration base/pedestal, CTAs
	Dark Teal-Green	#244632	Secondary dark — shadows in illustration, deeper UI accents, hover states
	Shaded Green	#325A41	Mid-dark — illustration depth, folder sides, secondary surfaces
	Sage	#97B79E	Illustration fills — the medium-green folders/documents, soft accent areas
	Muted Sage	#93B39A	Slightly deeper variant of Sage, used in shaded areas of the 3D elements

Neutrals & Backgrounds

Swatch	Name	Hex	Use
	Paper White	#FCF9F7	Card background highlight / brightest point (center-left)
	Warm Off-White	#F8F5F3	Primary card background — warm, not stark white
	Linen	#F4F1ED	Background edge tone — slightly darker, gives soft gradient
	Green-Gray Mist	#DCDED6	Outer background edges — subtle green-gray tint that ties bg to the green palette
	Pedestal Gray	#D8D6D2	Light surface gray — pedestal top, divider areas
	Cool Mid-Gray	#B4B2AF	Icon bar background, feature label text, divider lines
	Warm Gray	#ADACA6	Secondary label text, muted UI elements

Text Colors

Swatch	Name	Hex	Use
	Charcoal	#1D3325	Primary headline text — not pure black, has a green undertone
	Dark Ink	#17281D	Deepest text tone — fine print, very small labels
	Deep Forest	#004228	Accent headline word (“Platform”), colored text emphasis

Quick Copy-Paste

```
:root {  
  /* Greens */  
  --color-forest:      #004228;  
  --color-dark-teal:   #244632;  
  --color-shaded-green: #325A41;  
  --color-sage:        #97B79E;  
  --color-muted-sage:  #93B39A;  
  
  /* Neutrals */  
  --color-paper-white: #FCF9F7;  
  --color-warm-white:  #F8F5F3;  
  --color-linen:       #F4F1ED;  
  --color-green-mist:  #DCDED6;  
  --color-pedestal:    #D8D6D2;  
  --color-mid-gray:    #B4B2AF;  
  --color-warm-gray:   #ADACA6;  
  
  /* Text */  
  --color-charcoal:    #1D3325;  
  --color-dark-ink:    #17281D;  
}
```

Typography

Font Family

Sans-serif, geometric-leaning. Looks like **Poppins**, **Montserrat**, or **Inter** — clean, modern, friendly without being childish. Uniform stroke widths, open counters.

Recommended stacks:

```
font-family: 'Poppins', 'Montserrat', 'Inter', system-ui, sans-serif;
```

Type Scale & Hierarchy

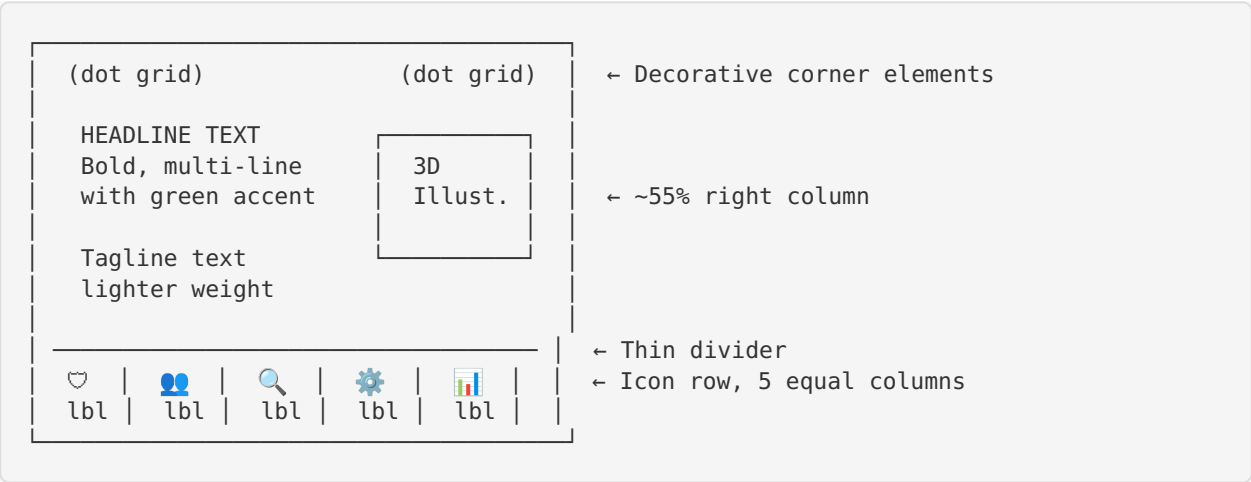

Level	Style	Weight	Case	Color	Notes
H1 — Head-line	Largest	Bold / 700	Title Case	#1D3325 (charcoal) with accent word in #004228 (forest)	Multi-line, generous leading (~1.3). The word “Plat- form” is in green for em- phasis.
H2 — Tagline	~50% of H1	Regular / 400	Sentence case	#1D3325	“One Plat- form. Every Document. Total Con- trol.” — punchy, short phrases separated by periods.
Caption — Labels	Smallest	Regular / 400	Sentence case	#B4B2AF (mid-gray)	Feature la- bels under icons. Low contrast by design — supplement- ary info.

Type Observations

- **No uppercase shouting** — the whole card is relaxed title/sentence case
 - **Generous line height** on the headline makes it feel airy, not cramped
 - **Color as hierarchy tool** — the green accent word creates emphasis without needing a different size or weight
 - **Letter spacing** appears default / slightly tight on headlines, normal on body
-

Spacing & Layout

Card Structure

Key Measurements (Proportional)

Property	Value
Card aspect ratio	~1:1 (square)
Outer padding	~5-7% of card width on all sides
Text block	Left-aligned, occupies ~45% of width
Illustration	Right-aligned, occupies ~55% of width
Vertical split	~75% top content / ~25% bottom icon bar
Icon columns	5 equal-width segments, separated by thin vertical rules
Corner radius	Noticeably rounded — ~12-16px feel at this scale

Alignment

- **Text:** Left-aligned flush
- **Illustration:** Centered within its column
- **Icon row:** Centered horizontally, evenly spaced
- **Dot grid decorations:** Top-right and bottom-left corners — adds subtle texture and visual balance

Iconography

Style

- **Line-art / Stroked** — consistent stroke weight across all icons
- **Rounded joins and caps** — soft, approachable, not sharp
- **Monochrome** — all icons use #004228 (Deep Forest)
- **No containers** — icons sit directly on the background, no circles or cards wrapping them

The Five Icons (Left → Right)

#	Icon	Represents
1	Shield + Checkmark	Security & compliance
2	Two People	Collaboration & team access
3	Magnifying Glass	Search & audit capabilities
4	Gear + Arrows	Automation & workflows
5	Bar Chart	Analytics & reporting

Usage Notes

- Great icon set for any SaaS feature grid
- Keep stroke weight consistent if adding more icons
- Pair with the small gray labels underneath — don't let icons carry all the meaning alone

Surfaces & Elevation

Card Treatment

- **Rounded corners:** Generous radius (~12–16px equivalent), “squircle” feel
- **Background:** Subtle **radial gradient** — warm white center (#FCF9F7) fading to linen (#F4F1ED) and then green-gray mist (#DCDED6) at the edges
- **Drop shadow:** Soft, diffused — card feels like it's floating slightly above the page
- **No border:** Clean edge, shadow alone creates separation

3D Illustration Style

- **“Claymorphic” / Soft 3D** — matte surfaces, no harsh reflections
- **Two-tier cylindrical pedestal:** Dark green base (#004228), light gray top surface (#D8D6D2)
- **Documents & folders:** White pages, sage-green folders, stacked at slight angles
- **Cloud icon embossed** on the front of the file box (white on dark green)
- **Lighting:** Top-left source — creates soft shadows on right/bottom sides
- **Shadows use desaturated dark green** (#244632) not black — keeps everything cohesive

Gradients in Use

Where	From	To	Type
Card background	#FCF9F7 (center)	#DCDED6 (edges)	Radial, very subtle
Pedestal base	#004228	#325A41	Linear, for 3D depth
Document shading	#FFFFFF	#F4F1ED	Subtle, for paper depth

General Mood & Vibe

In Three Words

Professional. Clean. Trustworthy.

Expanded

This design says “We take your documents seriously, but we’re not boring about it.” It’s:

- **Corporate but modern** — the green palette avoids the typical blue-corporate cliché
- **Calm and confident** — lots of whitespace, nothing feels cramped or desperate
- **Approachable** — rounded corners, soft shadows, friendly 3D illustration
- **Premium SaaS energy** — the kind of card you’d see on a Dribbble shot or a well-funded startup’s landing page
- **Nature-coded trust** — green = growth, stability, security. The dark forest green especially reads as “enterprise-grade”

When to Reuse This System

- ✓ B2B SaaS platforms (document management, project tools, compliance)
- ✓ Landing pages and feature sections
- ✓ Pitch decks and investor materials
- ✓ Product marketing cards and social media graphics
- ✓ Admin dashboards with a calm, professional aesthetic

✗ Not ideal for: consumer apps targeting Gen-Z, gaming, high-energy / vibrant brands

Bonus — Tailwind Palette (if you're into that)

```
// tailwind.config.js
module.exports = {
  theme: {
    extend: {
      colors: {
        forest:      '#004228',
        darkTeal:    '#244632',
        shadedGreen: '#325A41',
        sage:        '#97B79E',
        mutedSage:   '#93B39A',
        paperWhite:  '#FCF9F7',
        warmWhite:   '#F8F5F3',
        linen:       '#F4F1ED',
        greenMist:   '#DCDED6',
        pedestal:    '#D8D6D2',
        midGray:     '#B4B2AF',
        warmGray:    '#ADACA6',
        charcoal:    '#1D3325',
        darkInk:     '#17281D',
      }
    }
  }
}
```
